

**HOW TO GET THE MOST FROM YOUR GUIDE**

A reference panel on each map page for your convenience

**Symbol types**

Found on top of right hand page

Directional arrow ie- the arrow points to the centre of Johannesburg

Community Services

Symbol found on map ie- there is a shopping centre at that particular location

**The key plan**

On pages III & IV the Key Plan gives an overall view of the area covered by this guide. The numbered blue outlines represent the map pages of the book and are used to determine which page covers a particular area. Maps are arranged in double page spreads, with overlaps on three sides, to enable detail to be followed easily from map to map. All maps are arranged with North at the top.

**Enlarged scale maps**

Enlarged scale maps of Johannesburg Central appear on pages V & VI.

**Index pages**

The Index pages, starting on page 209, feature both Street and Suburb Indexes. There is also a General Information section indexing Schools, Police Stations, Sports Facilities and other features.

**GPS Co-ordinates**

For your easy reference we have placed the co-ordinates on the outside corners of each page at the intersection of the blue grid lines. The grid lines are at an interval of  $\frac{1}{2}'$  (half a minute i.e. 30 seconds). This makes it easy to work out co-ordinates for the interval grid lines and for point features within the grid squares. The distance on the face of the earth covered by 30 seconds is approx. 0,9 km East-West and approx. 0,9 km North-South.

**Datum**

The datum used on this street guide is WGS 84 (World Geodetic System).

**Grid reference system**

Look up the required Street, Suburb or Feature in the index at the back of the book, and note the grid reference. Turn to the appropriate page and identify the grid block.  
Example: Ben Steyn St. Boksburg West 113 DV 124  
In the order of: Street Name, Suburb, Page No., Grid Letter, Grid number

**Page Number**

**Reference grid numbers**

**Continuation page numbers**

**GPS Co-ordinates**

**Co-ordinates refer to this outermost grid corner**

**Reference grid letters**

**This feature is indexed as**

Street	Suburb	Page	Grid Ref
Ben Steyn St.	Boksburg West	113	DV 124
